Description :

PDF-252d0 | Few innovations in education today offer as much potential to transform how students are educated as the rise of so-called blended learningthe artful combination of computerized instruction (personalized for each student to make sure topics are mastered) with small-group teaching that is closer to tutoring than to traditional mass lectures. While so far put into practice in only a handful of schoo... *Blended Learning: A Wise Giver's Guide to Supporting Tech-assisted Teaching*
