Description :

PDF-2c7b2 | Regardless of industry, most major companies are becoming technology companies. The successful management of information has become so critical to a company's goals, that in many ways, now is the age of the CIO. Yet IT executives are besieged by a host of contradictions: bad technology can bring a company to its knees, but corporate boards rarely employ CIOs; CIOs must keep costs down at the very ... *CIO Paradox: Battling the Contradictions of IT Leadership*
