Description :

PDF-3738e | It's easy to imagine a nightmare scenario in which computers simply take over most of the tasks that people now get paid to do. The unavoidable question—will millions of people lose out, unable to best the machine?—is increasingly dominating business, education, economics, and policy. The bestselling author of *Talent Is Overrated* explains how the skills and economy values are changing in history... *Humans Are Underrated: What High Achievers Know That Brilliant Machines Never Will*
