Modern Control Engineering PDF

by Katsuhiko Ogata : **Modern Control Engineering**

ISBN : #0132273071 | Date : 1996-08-26

Description :

PDF-9c97c | A comprehensive treatment of the analysis and design of continuous-time control systems written for senior engineering students. The new edition integrates MATLAB into the text, using the program to solve all problems. As in former publications, the structural outline includes introductory materials, the basic Laplace transform, mathematical modeling of dynamic systems, transfer-function models, s... *Modern Control Engineering*
