Description :

PDF-73565 | Dr. Geller's latest book is based on the belief that too many safety articles and books take a "common sense" approach, which in fact often runs counter to research. In The Participation Factor Dr. Geller provides answers to commonly asked occupational safety questions, such as, "What safety slogans are more appropriate? What kinds of incentive/reward programs increase participation? What safety p... *The Participation Factor: How to Increase Involvement in Occupational Safety*
