Description :

PDF-91af9 | Science has defined a variety of natural laws that explain the physical world and how it changes. One such law states that for every action there is a reaction, and that for every motion there is corresponding counter-motion. Whether it s visible to the human eye or not, one thing is certain movement and change will occur as a result. Having studied these principles, author Raymond Holliwell not o... *Working With The Law*
